- Currently or previously enrolled in 17 Honors/AP classes, including AP Computer Science Principles, AP Computer Science A, AP Calculus 1 (AB), AP Calculus 2 (BC), AP World History, AP US History, AP US Government, AP Physics C: Mechanics, AP Physics C: Electricity and Magnetism, AP English Literature, Honors Spanish III, Honors Spanish IV, Honors Biology, Honors Chemistry, Honors Multivariable Calculus, Honors Ancient Greek, and Honors Physics.
- Test Scores - ACT 34 (Superscore), SAT 1460, ACT Math 36, SAT Math II 800, SAT Physics 730

Work Experience

- **CEO & Founder, Limitless Lawns - August 2019 to Present**
 - Co-Founded a two-sided marketplace that pairs teens and homeowners for lawn care.
- **Intern, BacklotCars - Summer 2019**
 - I have helped to create several programs that rapidly perform repetitive tasks that used to be done by hand.
- **Founder and Principal, TWH Technologies - Summer 2014 to Present**
 - My role includes: Developing websites for a wide range of clients including portfolios, eCommerce stores, business websites, and blogs. Also, I manage marketing, analytics, and ad management via many of the industry standards such as Google Analytics and AdWords.
- **CTO, Three(02) - Fall 2018 to August 2019**
 - My role includes: analyzing historical data and creating mathematical formulas to predict how a stock will perform in the future. I then analyze the data in support of executing trades for the firm.
- **Co-Founder and Operations Manager, Elevate Street Co - Summer 2018 to Winter 2019**
 - Organized and manage a clothing brand based out of KC. I was responsible for communicating with designers, manufacturers, and shipping companies to arrange the transport of the clothing items. Also, I created and managed an eCommerce store for the clothing line.
- **Outdoor Services and Grounds Management, Ironhorse Golf Club - Fall 2018 to Winter 2018**
- **Campaign Coordinator, Tuteria for Kansas - Fall 2017 to Fall 2018**
 - My role included: Networking with various political officials, writers, and commentators to arrange meetings for the candidate.
 - Designed a website for campaign materials which included an eCommerce store.

Service

- **Board Member, All Hands in KC - Fall 2019 to Present**
- **Guatemala Service Trip, Rockhurst High School - Winter 2020**
- **Co-Chair, Freshman Retreat - Spring 2019 to Present**
 - One of the two directors of the retreat that oversees the CORE Team and group leaders. Our job is to make sure all of the retreat's parts are ready by the date of commencement.
- **Computer Ministry at Church of the Resurrection**
 - I volunteer as a computer technician through my church to support local churches and schools that cannot afford to purchase technology for their students.
- **TIE Tijuana Volunteer, Esperanza International - Summer 2019**
 - Traveled to Tijuana as a volunteer to help build several homes for the locals.
- **Denver Service Trip, Church of the Resurrection - Summer 2019**
- **Rockhurst Student Success Center Tutoring - Fall 2018 to Fall 2019**

- I am a volunteer at our school's student success center. This work involves tutoring younger students so they will have the knowledge necessary to perform well in their classes.
- **CORE Team, Freshman Retreat - Spring 2018 to Winter 2019**
 - I was accepted as a member of an 8 person team that developed and operated the retreat.
 - My role was to organize and create an "R" made of river rocks that would be embedded into the ground near the school's chapel.
 - I was also a group leader, guiding a group of freshmen students on a weekend of reflection and social development.
- **Grounds Crew, Freshman Retreat - Winter 2018**
 - Member of 30 person team that was responsible for the background work of the retreat. We managed setting up events, running luggage from room to room, checking freshmen in and out of the school, and cleaning up the retreat.

Extracurriculars

- **Co-President, Entrepreneurship Club - Junior Year to Present**
 - Took advantage of the resources provided through the club and from my own personal attributes to start and oversee a technology company.
 - I'm working with my fellow leaders to ensure that all teams are running smoothly and making progress on their assignments.
- **President, Hackers Club / Programming Team - Freshman year to Present**
 - Organized travel of our team to several coding competitions, hackathons, and tech conferences.
- **Rockhurst High School Tennis Team, Freshman year to Present**
- **Engineering Club - Junior Year to Present**
 - Work on various feats of engineering both for competitions and for fun.
 - Took second place at a regional Rube Goldberg competition sponsored by Black and Veatch.
- **Scholar, YEP KC (Young Entrepreneurs Program Kansas City) - Junior Year**
 - I was an intern with the YEP KC program this past summer. As an intern, I worked at a local company (BacklotCars) for the summer. I'm not an alum of the program, and I am helping organize communications for YEP KC.
- **Team Leader, MECA Challenge - Freshman Year and Junior year**
 - Team leader that was tasked with designing a solution to a variety of issues presented by Goodwill. The event was held at the Sprint Accelerator and presented by the KC Startup Foundation.
- **Mock Trial - Sophomore year**
 - I learned a significant amount about the practice of law, and I learned how to speak confidently before audiences of any size.

Awards and Recognitions

- **AP Scholar with Distinction by College Board - Received an average of 3.5 on all AP exams, and a 3+ on 5 or more exams**
